

**TRADE AND PAYMENTS AGREEMENT BETWEEN
THE GOVERNMENT OF INDIA AND THE
GOVERNMENT OF CZECHOSLOVAK
SOCIALIST REPUBLIC**
New Delhi, 3 December 1979

The Government of the Republic of INDIA

AND

The Government of the CZECHOSLOVAK Socialist Republic,

NOTING with satisfaction the successful development of economic and trade relations, and

DESIROUS of further increase and diversification in trade and of further expansion and strengthening of economic cooperation between the two countries,

HAVE agreed as follows :

Article 1

Both Governments will in every possible way develop and strengthen the trade and economic relations between the two countries on the principles of equality and mutual benefit. They will study and with utmost goodwill take decisions on the suggestions which either of them would like to present for the consideration of the other with the purpose of achieving closer trade and economic relations.

Article 2

During the period of validity of this Agreement the total value of imports will be equal to the total value of exports effected by either country. For this purpose imports whether on deferred payment, terms or on cash basis, relating to the contracts concluded and to be concluded on the basis of this and earlier Trade and Payment Agreement will be taken into account as and when payments are made. Likewise repayments of credits under the Agreement on Economic Cooperation

and payment of interest thereon will also be similarly taken into consideration.

Article 3

- (a) Both Governments shall accord to each other most favoured nation treatment with respect to custom duties and charges of any kind imposed on or in connection with importation and exportation or imposed on the international transfer of payments for imports or exports and with respect to the method of levying such duties and charges and with respect to all rules and formalities in connection with importation and exportation.
- (b) Both Governments shall grant each other in respect of import and export licences of permissions where such licences or permissions are prescribed under their regulations, treatment no less favourable than that granted to any other country.
- (c) Both Governments shall grant each other the most favoured nation treatment in respect of :
 - (i) all internal taxes or other internal charges of any kind imposed on or in connection with imports and exports, and
 - (ii) laws regulations and requirements affecting internal sale of such imported or exported commodities.
- (d) Any advantage, favour, privilege or immunity granted by either of the Governments to any product originating in the territory of a third country or destined for its territory shall be granted immediately and unconditionally to the like product originating in the territory of either of the Governments or destined to be imported into its territory.

Article 4

The provisions of Article 3 above shall not, however, apply to the grant or continuance, of any,

- (a) advantages accorded by either Government to contiguous countries for the purpose of facilitating frontier traffic;
- (b) preferences, or advantages, accorded by either Government to any country, as existing on the date of the conclusion of the present Agreement or in replacement of such preferences or advantages that existed prior to the 10th April, 1947.
- (c) any advantage or preference accorded under any scheme for expansion of trade and economic cooperation among developing countries on a global inter-regional and regional basis which is open for participation by developing countries and to which either

of the Government is or may become a party.

- (d) advantages and preferences resulting from a customs union and/or free trade area of which either country is or may become a party.

Article 5

Merchant ships of either country with or without cargoes therein, will, while entering, staying in or leaving the ports of the other country, enjoy the most favoured facilities granted by their laws, rules and regulations to ships under third countries flags. This principle shall not, however, apply to ships engaged in coastal navigations.

Article 6

The export of goods from India to the Czechoslovak Socialist Republic and from the Czechoslovak Socialist Republic to India during the period of validity of this Agreement will be carried out on the basis of the attached Schedules 'A' (List of goods available for export from Czechoslovakia to India) and 'B' (List of goods available for export from India to Czechoslovakia) which constitute an integral part of the present Agreement. The Schedules can be extended or altered as may be agreed upon between both Governments.

Article 7

The import and export of goods stipulated in Article 6 will be carried out in accordance with the export, import and foreign exchange regulations in force in either country and on the basis of contracts to be concluded between the Indian physical and juridical persons including Indian state-owned organisations on the one side and the Czechoslovak organisations duly authorised under the Czechoslovak laws to carry on foreign trade activities as juridical persons on the other.

The exchange of goods stipulated in Article 6 above will be effected provided the said goods are internationally competitive as to the quality, price and terms of delivery.

Article 8

With the object of increasing and diversifying trade between the two countries, both Governments agree to promote and support close cooperation between the natural and juridical persons mentioned in Article 7 of this Agreement by direct contacts, participation in, and holding of, fairs and exhibitions in the territory of the respective country, including the holding of specialised exhibitions, supply of information and encouraging mutual cooperation in studying each other's requirements and consumer needs.

Article 9

Both Governments agree to promote trade between the countries by identifying new fields of economic cooperation, development and better utilisation of resources and production facilities in both countries on a mutually beneficial basis as well as joint marketing in third countries.

For this purpose both Governments agree to promote the strengthening and expansion of the business contacts between the Indian trading organisations including State owned organisations and the Foreign Trade organisations of the Czechoslovak Socialist Republic on the basis of mutual benefit and observance of commercial interests of the parties concerned.

Article 10

Subject to the rules, regulations and laws of the respective country, natural and juridical persons of either country shall enjoy the most favoured nation treatment especially in respect of personal protection and protection of property when engaged in commercial activities under this Agreement in the territory of the other.

Article 11

Unless otherwise specifically and mutually agreed upon all goods exported from India to the Czechoslovak Socialist Republic and from the Czechoslovak Socialist Republic to India are meant for use in the Czechoslovak Socialist Republic and India respectively and shall not be re-exported to any other country.

Article 12

Recognising the importance of the role of the Joint Committee for Economic, Trade and Technical Cooperation between the Republic of India and the Czechoslovak Socialist Republic in further development of economic cooperation between the two countries, the two Governments agree to undertake appropriate measures for promoting further diversification and expansion of bilateral trade taking into consideration the recommendations of the Joint Committee.

Article 13

1. All payments of commercial and non-commercial nature between physical and juridical persons residing in the Republic of India and physical and juridical persons residing in the Czechoslovak Socialist Republic as well as any other payments between the two countries on which agreement will be reached between the Reserve Bank of India, Bombay (hereinafter referred to as R.B.I.) and

Ceskoslovenska obchodni banka a.s., Praha (hereinafter referred to as CSOB) will be effected in non-convertible Indian Rupees.

2. For the purpose of paragraph 1 of this Article :
 - (a) The CSOB acting as an agent of the Government of the Czechoslovak Socialist Republic will continue to maintain a Central Account with the R.B.I. and will be entitled to establish and maintain one or more account(s) with one or more commercial bank(s) in India authorised to deal in foreign exchange.
 - (b) The Central Account will be used for depositing rupee balances and for replenishing the account(s) with commercial bank(s) while the account(s) with the Commercial Bank will be used for all other operations.
3.
 - (a) The Central Account will be replenished by transfer of funds from the account(s) with commercial bank(s) and by receipts on account of technical credit.
 - (b) The account(s) with commercial bank(s) will be replenished by transfer of funds from other such accounts and from the Central Account.
4.
 - (a) Payments permitted under the Czechoslovak foreign exchange regulations to be made by the residents of the Czechoslovak Socialist Republic to the residents of India will be effected by debiting the amounts of such payments to the said account(s) with commercial bank(s) in India.
 - (b) Payments permitted under the Indian Exchange Control Laws to be made by the residents of India to the residents of the Czechoslovak Socialist Republic will be effected by crediting the amounts of such payments to the said account(s) with commercial bank(s) in India.
5. The details in regard to the procedure for the operation of the Central Account will mutually be agreed upon between the CSOB and the RBI.
6. Any balances in the Rupee accounts of the CSOB referred to in this Article or any debt of the CSOB in connection with the grant of technical credit will, upon expiry of the present agreement, be used during the ensuing 12 months for the purchase of Indian or Czechoslovak goods as the case may be. After the expiry of this period of 12 months, any balances outstanding will be settled in such a way as may be agreed upon between both Governments.
7. Payments arising from contracts concluded during the validity

and falling due after the expiry of this Agreement shall, notwithstanding the expiry of this Agreement, be effected in non-convertible Indian rupees which will be utilised for the purchase of India or Czechoslovak goods as the case may be.

Article 14

Both Governments shall consult each other at the request of either Government as and when necessary in respect of matters connected with the implementation of this Agreement.

Article 15

This Agreement will come into force on the date of exchange of diplomatic notes confirming its approval in accordance with the constitutional procedures of the respective country and will remain valid for a period of five years. It will be applied provisionally from 1st January, 1980.

DONE and signed in New Delhi on 3rd December, 1979 in two originals, each in the Hindi, Czech, and the English languages, all texts being equally authentic, provided that in case of discrepancy the English text shall prevail.

SCHEDULE 'A'

LIST OF GOODS AVAILABLE FOR EXPORT FROM CZECHOSLOVAKIA TO INDIA

TECHNOEXPORT, PRAHA

- CHEMICAL EQUIPMENT

- High pressure process vessels
- Columns and towers
- Medium pressure reactors
- Heating and reaction furnaces

- Tube type heaters and heat exchangers
- Process storing vessels
- Storage tanks
- Pipes for special requirements/centrif. cast
- Filters
- Centrifuges
- Equipment for very low temperatures
- Dewar vessels

- RUBBER MACHINERY
 - Equipment for tyre and tube manufacture
 - Equipment for manufacture of rubber carpets
 - Equipment for technical rubber

- INDUSTRIAL PLANTS
 - Complete crude oil refineries upto 6 mil. tons/year which includes
 - Atmospheric and vacuum distillation units
 - Hydrogenation refining units
 - Catalytic reforming units
 - Visbreaker units
 - Lubrication oil refining units
 - Distillation residue coking units
 - Crude oil and products storing units
 - Auxiliary process equipment
 - Liquefying and evaporation of natural gas
 - Pyrolytic production of ethylene 300.000 tons/year
/capacity of furnace 40.000 and 80.000 t/y/
 - Production of ethanol from ethylene 200.000 tons/year
 - Production of syngas from methanol 500.000 tons/year
 - Equipment for low temperature fractionation of hydrocarbons
 - Equipment for certain other petrochemical processes
/ethylbenzene, styrene, caprolactam,
oxoalcohols, aromatic carbohydrates etc/
 - Production of ammonia from natural gas 1,500 tons/day
/steam reforming, high pressure synthesis/
 - Production of granulated urea
 - Production of nitrogen fertilizers
 - Production of hydrogen 150.000 Nm³/hr
 - Production of oxygen 35.000 Nm³/hr
 - Cryogenic equipment

- Production of tyres, tubes and flaps
for trucks and cars
for bicycles/also included in the above/separate plants for tubes
- Plants for rubber carpets and technical rubber plants for V - belts
- Moulding presses for plastic

TECHNOEXPORT, BRATISLAVA

- grain milling/roller mills grinding rollers/
- grain storing/steel silos/
- milk processing/butter makers/
- fodder mixing/granulators/
- plastic moulding/injection moulding machines/

SKODAEXPORT, PRAHA

- Equipment for thermal power stations up-to the output of 200 MW (including captive power plants output 5-50 MW)
- Complete equipment for boiler houses and boilers of various types and different outputs
- Complete equipment for industrial and city refuse destructors
- Equipment for hydroelectric power stations and pumped storage plants including penstocks, inflow and outflow constructions, switchyards
- Twenty-high rolling mill for non-ferrous material and special steel
- Extrusion lines for pipes and rods from non-ferrous material
- Billet mills
- Medium-section mills
- Supplies of turbine and generator components for 60 and 110 MW
- Supplies of steam boiler components upto 1000 t/h
- Supplies of synchronous condenser components
- Supplies of cooling and circulating pumps SIGMA
- Rendering of technical cooperation and consulting activities by Czechoslovak specialists.

STROJEXPORT, PRAHA

- Complete installation for manufacture of concrete prestressed poles;
- Equipment for open cast mines;
- Road and construction machines.

INVESTA, PRAHA

- Complete Open-End Spinning Mill
- Complete air-jet or water-jet and also mechanical Weaving Mill
- Projection and reconstruction of all types of Textile Mills
- Small Diameter-Knitting Machines
- Industrial Sewing Machines
- Open-End Rotor Spinning Machines
- Air-Jet Looms

- Now-Woven Stich Machine MODEL ARACHNE
- Components for Open-End Spinning Machine BD 200
- Components for production of Weaving Looms
- Rotary sammying machine
- Leather cabinet dryer
- Through-put bend setting cut
- Measuring machine
- Hydraulic ironing machine
- Fleshing machine
- Splitting machine
- Shaving machine
- Open-end shaving machine
- Mollisa staking machine
- Through-feed sammying machine
- Through feed jet dusting machine
- Setting out machine
- Hydraulic leather rolling machine
- Famosa ironing machine
- Eyeletting machine for bling eyelets
- Leather components edge folding machine
- Heel seat lasting machine
- Seam rubbing down machine
- Forepart lasting machine
- Heel seat and waist cement lasting machine
- Sole edge trimming machine
- Scouring machine
- Heel attaching machine
- Cement sole attaching machine
- Botton ironing machine
- Roughing machine
- Counter moulding machine with automatic feed
- Universal band knife splitting machine
- Hydraulic swing-arm clicking machine
- Rubber overlaps trimming machine
- Heel breast trimming off machine
- Footwear moulding press
- Injection moulding press

KOVA, PRAHA**COMPUTING EQUIPMENT AND OFFICE MACHINES**

- Punched-card preparing machines, card punches, card verifiers and readers, output punches
- Analog and hybrid computers, equipment for interfacing of analog and digital computers, peripheral devices
- High-speed line printers for computers and control systems
- Electrical typewriters for computers, writing and organization automatic machines, punched-tape error-correcting machines
- Automatic X-Y drafting tables, semiautomatic coordinate reading machines.
- Electrostatic printing machines
- Cash registers/ANKER licence/
- Cyclos duplicators
- Thermographic copiers and alcohol duplicators

PRINTING MACHINES

- Offset sheet printing machines, automatic platen book printing presses, paper guillotines

LABORATORY AND NUCLEAR EQUIPMENT

- Complete laboratory equipment, laboratory instruments of scientific institutions, research institutes, industrial and school laboratories.
- Instruments for vacuum devices, for polarography, registering instruments, instruments for electrochemistry.
- Micropumps, fraction collectors of amino-acids, instruments for the determination of water quality.
- Measuring sets for nuclear techniques, scintillators, scintillation probes and instruments for spectrometry, medical purposes and special purposes, panel units and auxiliary equipment, GM counters, automatic fire alarms
- Dewar vessels, cryostats

ELECTRIC AND ELECTRONIC MEASURING INSTRUMENTS, CONTROL EQUIPMENT

- Panel-mounted measuring instruments, recording instruments, instruments for routine and operational measurement, laboratory measuring instruments.
- Electronic measuring instruments, electron microscopes, accessories for electron microscopes, low speed oscilloscopes
- Single-phase and three-phase electricity meters
- Electric actuators
- Capacitive and continuous level measuring equipment
- Equipment for measuring of temperature in grain silos
- Resistance and thermoelectric thermometers
- Relays/time relays, auxiliary relays/
- Electronic temperature controllers
- Solenoid valves

ELECTRONIC SOURCES

- Black and white TV tubes/picture tubes/

- Guns for B W. TV tubes
- Semiconductors
- Integrated circuits
- Loudspeakers boxes
- Connectors

LIGHT SOURCES

- Motor car halogen lamps
- High pressure mercury discharge lamps

TELECOMMUNICATIONS

- Broadcast transmitters
- Television transmitters
- Equipment for broadcasting and television studios
- Equipment and systems for audience coverage with sound
- Public telephone exchanges and systems
- PBXs electronic
- Telephone sets
- Dispatcher's equipment
- Multichannel carrier telephone systems
- Multichannel carrier telegraph systems
- Control equipment for electric power supply and distribution systems
- Communications measuring instruments
- Special measuring instruments and equipment
- Transmitting valves
- Data transmission systems

STROJIMPORT, PRAHA

- Turret lathe R5, automatic lathe AB 80
- Cylindrical, crankshaft, internal, centreless, horizontal and vertical surface grinding machines, tool and cutter grinding machines, duplex-wheel parallel surface grinder
- Gear cutting, hobbing machines, universal tool room milling machines, FN series, universal centre lathes SUS 63 and 80, SU 100 and 125.
- Heavy duty centre lathes, vertical turning and boring mills, heavy duty horizontal boring and milling machines, copy milling machines FKV and FKH
- Portable radial drilling machines, coordinate drilling machines and horizontal boring machines, planing machines
- Machining centres, bed-type milling machines, plano-milling machines,
- Cutting tools, measuring instruments,
- Die forging presses LXX 1000, 2500, 3150, 4000, 6300, forging rolls UL 35, heavy free forging hydraulic presses CKW, Special forging presses, hydraulic scrap baling presses, hydraulic forging hammers, heavy cutting presses above 500 tons

- Heavy plate shears, heavy plate bending machines, heavy section straightening machines
- Die-casting machine original POLAK
- Heavy machining units, die forging plants heavy hydraulic forging plants.

PRAGOINVEST, PRAHA

- Marine Diesel Engines to 1.670 HP and Diesel Generating Sets to 2.270 KVA.
- Industrial Compressors and Turbocompressors 240.000 Nm 3/hour.
- Refrigerating equipment and Freezing Plants
- Cement Plants (dry process) capacities 1000 t, 1200 t, 1500t, 2000t, 2.500t, 3.000 t per day and individual parts thereof.
- Ceramic (insulators, sanitary and building ceramics, refracto and Red Brick Plants as well as individual machines
- Diesel Electric Locomotives output 1200 and 1350 HP
- Truck mounted Cranes capacity 16 and 20 tons
- Electromagnetic Clutches and Brakes, Geared Motors and Boxes, components
- Semiconductor Elements of 16A upwards (Diodes and Thyristors).

MARTIMEX, BRATISLAVA

- Wheeled skidder LKT-80
- Wheeled skidder LKT-120

MERKURIA, PRAHA

- Hand tools and utensils, spanners and wrenches for assembly, steel bottles for liquified gases, locks, padlocks farm implements and utensils, hurricans lanterns, petroleum lamps, equipment for the personal protection and safety of workers, instruments and aid for measurement.
- Cooling and refrigerating installations, equipment for large kitchens, laundries and dry cleaning shops, electric and gas household appliances, electric hand tools, vacuum flasks, siphon bottles
- Enamelled pots and pans for household, plastic products for household, enamelled bath-tubs, metal building elements
- Photographic enlargers motion pictures and optical articles, alarm clocks, watches, electrical and electronic time - measuring equipment, information systems, sunglasses, industrial jewels for industrial applications
- All kinds of hunting and sporting weapons and ammunition, electric detonators.

MOTOKOV, PRAHA

- Fuel injection equipments and components
- Utility and special trucks SKODA and TATRA
- Fire Crash Tenders SKODA, TATRA
- Tyres BARUM for passenger cars, trucks and tractors
- Tractors and agricultural machines and components

FERROMET, PRAHA

- Prime cold rolled Steel Sheets/Coils
- Heavy Plates

- Cold rolled Steel Sheets/Coils second choice
- Tinmill black plates in sheets/coils second choice
- Tinsplate waste/waste
- Prime galvanized sheets
- Seamless Steel Casings
- Carbon and Alloyed Constructional Steel in Bars and Plates
- Tool, Stainless and High Speed Steel and other types of Special Steel.

CHEMAPOL PRAHA

- Amidopyrine
- Ergot Alkaloids
- Efedrine HCl
- Nystatine
- Vitamin D2
- Umalur
- Earth drilling chemicals
- Leather processing chemicals
- Synthetic Rubber SBR
- Laboratory chemicals
- Litkopone
- Explosives
- Acid C
- Acid H
- Acid Gamma
- Parakresidine
- Rongalit

CHEMAPOL, BRATISLAVA

- PVC
- Fertilisers and Pesticides
- Chemical products for rubber industries
- GLASSEXPOT, PRAHA

TECHNICAL AND LABORATORY GLASS

- Rough glass blanks
- Welding glasses
- Glass beads 2-10 mm
- Laboratory glassware
- Glass Roving
- Glass Nets

KERAMETAL, BRATISLAVA

- Magnesite Bricks

CZECHOSLOVAK CERAMICS, PRAHA

- Fireclay refractories
- Cast Basalt Tiles

ARTIA, PRAHA

- Language laboratories TESLA AZD 350

KOOSPOL, PRAHA

- Hops
- Malt

PRAGOEXPORT, PRAHA

- Snap fasteners
- Stationery
- Toys of all kinds
- Decor paper

OMNIA, BRATISLAVA

- Ball bearings
- Enamelware
- Enamelled bath tubs
- Fittings
- Refrigerators
- Compressors,
- Lamps
- Heating devices
- Small kitchen appliances
- Agricultural tools
- Mechanical toys
- Equipment for warehouses

CHIRANA, PIESTANY

- Medical Engineering Equipment
 - Diagnostic and therapeutic apparatus
 - Surgical instruments and apparatus
 - Equipment for consultation rooms and operating theatres
 - Equipment for dentists' offices and dental laboratories
 - Medical X-ray equipment
 - Therapeutic isotope irradiation apparatus and accelerators
-

SCHEDULE 'B'

*LIST OF GOODS AVAILABLE FOR EXPORT FROM INDIA TO CZECHOSLOVAK
SOCIALIST REPUBLIC*

1. **AGRICULTURAL PRODUCTS**

Tea bulk, packaged and tea bags

Coffee whole, instant

Beverages, confectionery, chewing gum

Pepper, cardamom, curry powder and other spices

Cashew kernels, including consumer packs, walnuts and walnut kernels, H.P.S. groundnuts

Deoiled groundnut cakes and other oil cakes such as cotton seed cake, rice bran-cake

Animal feed compounds

Tobacco, cigarettes, cigars and pipe tobacco

Shellac and shellac-based products

Fresh and dehydrated vegetables including onions and garlic

Castor oil, linseed oil, Cashew shell oil

Brown sesame seed (permissible type)

Fruit juices, jems and marmalades

Fresh and canned fruits

Marine products

Poppy head (without seeds)

2. **MINERALS AND ORES**

Mica, processed

Fabricated mica and mica products

Barytes

Kyanite

Mineral products such as quartz, quartzite, ilmenite, steatite, sillimanite, bauxite, soap stone

Iron ore

Manganese ore

Ferro manganese, including ferro manganese slag

Chrome ore

3. **CHEMICALS AND ALLIED PRODUCTS**

Medicine and pharmaceutical preparations, raw materials for production of medicines

Paints, enamels and varnishes, including marine paints

Dyestuff intermediates

Synthetic detergents

Various chemicals and chemical products

Crude drugs

Chemical Diagnostic Test System

Pesticides

Essential oils, including sandalwood oil, detergent scouring powder and other cleansing agents, cosmetic toilet goods including perfumery compounds

Linoleum and other floor coverings

Wood veneers and plywood

Laminates

Tyres and tubes

Other manufactured rubber products including V. bolts, armoured hoses etc.

Surgical and household gloves, sterilised dressing materials, bandages etc.

Gramophone records

Vacuum flasks, including refills

Stationery articles, including carbon paper

Natural resin and gum

Crushed bones

Ossein

Tanning agents

Calcium carbide

Plastic moulded and extruded goods, such as tooth brushes, combs and other household goods, including rigid P.V.C. films and tapes

Brushes, all types

Bristles and animal hair

Sanitary ware and glazed tiles

Sports footwear and P.V.C. gumboots

4. LEATHER AND LEATHER MANUFACTURES

Tanned and semi-tanned hides and skins

Finished leather

Leather shoes and chappals

Manufacture of leather, such as leather garments, gloves, belts, purses and other haberdashery articles, travel goods

5. TEXTILES

Cotton textiles

Bed-linen, towels and handkerchiefs

Readymade garments

Woollen textiles

Woollen knitwear

Blended knitwear including Angora hosiery

Cotton hosiery

Industrial fabrics

Sewing thread

Machine-made carpets, woollen

Jute bags

Jute cloth and other jute products including carpets

Cotton waste

Cotton yarn

Bengal deshi cotton

Handlooms

Rayon and synthetic fabrics, and garments made thereof Natural silk goods

Coir yarn

Coir manufactures

6. ENGINEERING GOODS

Automobile ancillaries

Automobile storage batteries, traction and other batteries

Steel products including structurals

Pig iron

Railway track fastners

Freight containers

Garage equipment including spray booths, petrol dispensing equipment, etc.

Hand tools, small tools, portable tools, including tool kits

Small cutting tools, pneumatic tools, diamond tools, diamond cutting tools

Surgical instruments

Aluminium power cables and ACSR conductors

Dry core cables

Electric motors

Dry batteries

Fuel injection equipment

Abrasive materials, bonded abrasives

Lamp-making machinery, fittings and components

General lighting service lamps, fluorescent tubes, light fittings and fixtures

Machine tools and accessories

Sanitary fittings

Builders' hardware, including locks and padlocks

Room airconditioners, air conditioning equipment, electric fans, water and bottle coolers, ice plants, etc.

Twist drills and accessories for drilling machines

Roller chains, especially for agricultural machinery

Scientific and industrial instruments including process and flow control instruments

Bicycles and bicycle components/accessories

Medical and hospital equipment

Textile machinery

Printing machinery

Office machinery, including data-processing machines

Regulating valves, Industrial valves

Boilers

Stainless steel cutlery

Ball, roller and taper bearings

Diesel engines

Transistorised radios, tape recorders, record players

Flash lights

Material-handling equipment

Air and gas compressors

Power factor correction capacitors

Forgings and castings

Rolling mills and processing lines

Knitting and sewing machines

Wire, ropes, strands wire nets, bolts, nuts etc.

Steel pipes and fittings

Aluminium foil

Electronic equipment, instruments and components computer software

Other engineering goods

7. OTHER ITEMS

Spectacle lenses

Spectacle frames

Toiletries and Cosmetics

Handicrafts including scarves and kerchiefs

Books and periodicals

Sports goods

Miscellaneous goods
